PLACEMENT & DIRECTION

Where to hang your Jaala

● North-West (Vayavya)

The corner of air, movement and relationships — ideal in a living room, office, café or any space where people meet and mix.

● East

Growth and new bonds: welcomes fresh faces and keeps friendships alive.

● North

Opportunity and networks — the direction of helpful contacts and open doors.

Best in a living room, entrance, workspace or community space where people gather. Hang at eye level on a wide wall; the piece rewards close viewing, so place it where guests can stand near it.

Jaala · Web of Connection

A hand-drawn network artwork for connection, community & belonging

1 The Central Knot

MEETING POINT

Near the centre the main strands gather and cross — the place of belonging where many paths become one.

2 The Strong Strands

BOLD VEINS

Thick, dark bands run across the whole sheet — the few strong bonds that hold everything else in place.

3 The Cells

POCKETS BETWEEN

Between the strands, each pocket has its own shape and size — the small circles of family, friends and work that make up a life.

4 Countless Circles

FINE BUBBLES

Thousands of tiny hand-drawn rings fill every cell — individuals, each complete, each touching the next.

5 Branching Paths

SPLIT & REJOIN

Strands divide and meet again further on — the many routes people take that still lead back to one another.

6 Organic Weave

NO GRID

Nothing here is ruled or regular; the web bends as it grows — real relationships, shaped by life rather than a plan.

7 Beyond the Edge

NO BORDER

The web runs off every side of the paper — a network that continues past what we can see, and always has room for more.

8 Light Through Lace

WHITE GROUND

The paper shines through every cell — the lightness and air a good community leaves in a person.

9 Layered Depth

THICK OVER FINE

Heavy strands sit above the delicate lace, giving the surface depth — close ties in front, wider circles behind.

10 Hand-Inked Fields

MARKER TEXTURE

The dark bands are built from layered strokes, the lace from patient rings — hours of care in every square inch.
