PLACEMENT & DIRECTION

Where to hang your Surya

- **East (Indra)**

The direction of the rising sun — ideal beside a window, on a bedside wall or in a breakfast nook to greet the morning.

- **South-East (Agneya)**

Fire and energy: supports health, appetite and drive — a good wall for a kitchen or dining space.

- **North-East (Ishanya)**

Clarity and freshness — a bright, uplifting note for a study or reading corner.

At A5 this piece suits a desk, shelf, bedside or a small cluster on a gallery wall. Hang or stand it at eye level where morning light reaches it; it also pairs well with the larger mandala plates.

Surya · Sun of Vitality

A hand-drawn sun mandala for vitality, warmth & good health

1 The Seed Disc

DOTTED CENTRE

A dense field of tiny dots at the heart, like the seed-head of a sunflower — life gathered and ready to be given.

2 Sun Rays

RADIATING LINES

Bold rays stream out from the seed disc — the sun's daily gift of light, strength and warmth.

3 Twin Sunbursts

POINTED RINGS

Two rings of sharp, hatched points radiate outward — the doubling of vitality when body and spirit are both aligned.

4 Shell Scallops

FAN SHAPES

Rows of shell-like fans open outward — receptiveness, and the ease of taking in what the sun offers.

5 Bud Petals

HATCHED TEARDROPS

Teardrop buds, each striped with hairlines, sit between the spirals — new growth waiting on the warmth to open.

6 Feathered Petals

STRIPED BANDS

Petal shapes filled with fine parallel strokes fan around the sun — soft, steady energy, like warmth on the skin.

7 Spiral Ring

CURLING MOTIFS

A ring of tiny spirals turns around the whole design — energy that circulates and renews itself, day after day.

8 Woven Chevrons

OUTER PETALS

The outermost petals are filled with crisp woven stripes — discipline and rhythm, the routines that keep health strong.

9 Light & Dark

CONTRAST

Bright petals against dark spandrels — day and night in balance, rest as much a part of vitality as action.

10 The Solar Ring

OUTER CIRCLE

A firm circle holds every ray and petal in one whole — the sun complete, and the wholeness of good health.
