MANIPURA · SPIRAL OF ENERGY

A3 · 29.7 × 42 CM · ORIGINAL INK ON PAPER

PLACEMENT & DIRECTION

Where to hang your Manipura

- **South-East (Agneya)**
The corner of fire and drive — where ambition, work and personal power are strengthened.
- **East**
Direction of the rising sun: fresh vitality, momentum and new beginnings.
- **North-East**
Clarity of purpose — energy guided by calm, focused thought.

Best in a study, office, workspace or living area where you plan and act. Hang at eye level with the piece well lit; the spiral is designed to be seen from a distance.

Manipura · Spiral of Energy

A hand-drawn spiral mandala for energy, momentum & personal power

1 The Bindu

CENTRE POINT

The single dark point at the heart of the piece — the still centre of will from which every movement begins.

2 Radiating Arms

SPOKES

Arms streaming out from the centre in every direction — energy released, reaching into all areas of life.

3 The Spiral Sweep

CURVED PATH

Nothing here travels in a straight line. Growth turns as it expands — the natural path of galaxies, shells and rising fire.

4 Stepped Blocks

STAIRCASE RHYTHM

Each arm climbs block by block, like a staircase — progress made one deliberate step at a time.

5 Light & Dark Rhythm

ALTERNATION

Ink and paper alternate in steady beats — action and stillness, effort and ease, kept in balance.

6 Widening Steps

GROWING BLOCKS

Each block grows a little larger as it moves outward: abundance and confidence that expand with every effort.

7 Kinetic Pulse

OPTICAL MOTION

The eye reads the still ink as spinning. Momentum is built into the design itself — a reminder that energy in motion stays in motion.

8 Ordered Symmetry

EQUAL ARMS

Every arm mirrors its neighbour: discipline and balance holding all that movement in harmony.

9 Breathing Space

WHITE INTERVALS

The white between the arms is as important as the ink: rest and pause that let energy flow rather than crowd.

10 The Open Rim

UNBOUNDED EDGE

No outer circle closes the piece. Growth continues beyond the paper — potential without a fixed limit.
